

Corrigenda
to the book

Berger H. (2006): Monograph of the Urostyloidea (Ciliophora, Hypotricha). –
Monographiae Biologicae **85**: i–xvi, 1–1303. Springer.

The official version of the corrections will be published in the fourth volume of the monographic series on hypotrichs.

Page 14, Parabuccal cirrus (PC): Wallengren's (1900a) ... Not: Wallengren's (1900) ...

Page 88, line 2: ... (Fig. 20f) ... Not: ... (Fig. 20f ...

Page 242, Fig. 45i: Note that this figure is not shown from the dorsal side, but (erroneously) from the ventral side. Thus, the designation of kinety 1 is incorrect; the kinety marked with 1 is in fact kinety 5 which bears the caudal cirri (see Fig. 45h).

Page 327, line 2 from below: *nuta*). Not: *nuta*).

Page 347, line 6 of figure legend: cirri. Not: cirri).

Page 369, heading of *Anteholosticha vuxgracilis*: *Anteholosticha vuxgracilis* (Berger, 2006) comb. nov.
Not: *Anteholosticha vuxgracilis* (Berger, 2005) comb. nov.

Page 369, third entry in list of synonyms: 2006 *Holosticha vuxgracilis* nom. nov. Not: 2005 *Holosticha vuxgracilis* nom. nov.

Page 442, line 17 from below: ... (25‰ salinity) ... Not: ... (25% salinity) ...

Page 678, line 2 of chapter nomenclature: ... vowel ... Not: ... vowel ...

Page 791, line 2 of heading of *Pseudourostyla muscorum*: (Fig. 152a) Not: (Fig. 152a, Table 34)

Page 970, line 23: arrow in Fig. 189g forgotten.

Page 971, line 4 of figure legend: arrow marking buccal cirrus in Fig. 189g forgotten.

Page 1122, adoral membranelles, number; population au4: The values given (Min = 25, Max = 35) refer only to the "fine membranelles held erect"; total number of membranelles not given by Carey & Tatchell (1983).

Page 1246, line 7 from below: Phylogenetic ... Not: Phyloenetic ...

Page 1298, entry *stueberi*, *Caudiholosticha*: ... **235**, ... Not: ... **234**, ...
