^a The total price (= total amount) is calculated as follows: Net price of product(s) + handling & packing + postage = total net amount + 10% VAT (for customers from Austria; for customers from EU when no VAT-number is provided) = Total amount. When you collect the magazine at my office (you have to pay in advance or cash), then the total amount is: 32.00 Euro (net price) + 3.20 Euro (10% VAT) = 35.20 Euro.

^b The valid VAT-number has to be mentioned on the order. The VAT-number will be checked at http://ec.europa.eu/taxation_customs/vies.

^c Postage is according to the Austrian Post (<http://www.post.at>; customers in Austria) or the German Post (post office outlet Freilassing close to Salzburg; <https://www.deutschepost.de/de.html>; customers from all other countries).

^d Discount for booksellers is 25% on net price of product, that is, net price for booksellers = 24.00 Euro.
